**STEP 1:** Choose your tumbler colour

BL G GY L N O R SW TQ Y

**STEP 2:** Choose your lid colour

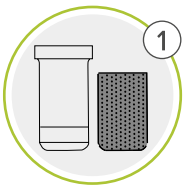

Combinations illustrated are examples of colour combinations. Choose your own from the colour palette.

When ordering your mix & match tumbler, please indicate the cup and lid colour you require. For example, a yellow Americana Double-Wall Tumbler with a turquoise lid = DW-7120-Y + LID-7120-TQ

Where multiple branding options are available, price includes your choice of one option in one position. Where multiple components are indicated, each component includes branding of one type in one position.

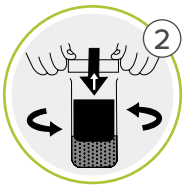

Add tea leaves or fresh ground coffee to outer vessel (a coarse coffee grind size is optimal).

Pour 300 - 350ml hot water over the tea leaves or coffee grounds. Leave 5cm of space at the top.

Let the leaves or grounds and hot water sit for 3 minutes.

Press lid onto the inner filter press. Close drinking lid. Place filter into top of outer vessel. Use gentle pressure and press filter down until fully nested.

Do not apply force. If press stops, pull press up slightly then twist. Press gently and repeat until fully nested.

Drink your tea or fresh French Press coffee straight from the tumbler!
