Free yourself from messy wires and take charge with our range of WIRELESS POWER BANKS THAT ARE TRAVEL-FRIENDLY AND EASY TO USE

Wireless powerbanks wirelessly charge wireless-charging-enabled smartphones without the need for the phone to be plugged into the power bank or the power bank to be plugged into a power supply. Simply attach the phone to the suction pad or place the phone on top of the power bank and it will begin powering up. For smartphones that are not compatible with wireless chargers, they can be recharged via a micro USB or lightning connector cable, as would be the case with any standard power bank.

Traverse Multi-Charger

is the perfect car companion, powering up your smart phones and tablets on-the-go.

Charge up to 4 mobile phones simultaneously. When 4 mobile phones are being charged at the same time, the combined output is equally distributed across the 4 ports and each phone will charge relatively slowly. For optimal charging, no more than 3 phones should be charged together. When charging a tablet, you are also able to charge one mobile phone simultaneously.

TECH-5031

TRAVERSE MULTI-CHARGER

• hub: 8.4 (h) x 6.8 (dia)

FEATURES FOR APPLE & ANDROID

- Clock
- Alarm
- Calendar
- Stopwatch
- Calculator
- **Bluetooth Music** - pairs with your smartphone or tablet and provides the ability to control media when connected (including increasing/decreasing volume, pausing track and skipping to the next track)
- **Anti-lost** - your smart watch will receive an alert when separated from your smartphone by more than 10m
- **Dialer** - enables you to enter a phone number on a keypad on your smart watch screen and make a call
- **Phone Book** - syncs with your smartphone to display your contacts and enables you to select an entry and call them from your smart watch
- **Calls List** - syncs with your smartphone to display a list of missed, dialed and received calls on the smart watch screen
- **Hydration Alert** - reminds you to drink at your chosen intervals
- **Pedometer** with built-in timer and step-counter
- **Sedentary Alert** - reminds you to get up and move at your chosen intervals
- **Sleep Monitor** - tracks the quality of your sleep over a set time, indicating whether results are good and uninterrupted or bad and constantly interrupted

LASER ENGRAVING
ON BACK OF WATCH

Features for Android: (download the “SmartWatch” App first by scanning the QR code under settings on your smart watch)

- **Bluetooth Camera** - connects with your Android devices built-in camera and functions as a remote shutter
- **Bluetooth notice** - once set on your smartphone, push notifications from push-enabled apps like WhatsApp, Facebook and Gmail will appear as a short preview on your smart watch
- **Message** - syncs with your smartphone inbox to enable viewing of sent and received emails on your smart watch

Shape up with our sophisticated

Orbit Smart Watch with Heart Rate Monitor & Activity Tracker
