NOTEBOOK BRANDING METHODS

Our extensive range provides the ideal logo-ready platform for your brand or message, but how you choose to brand is entirely up to you. With 6 different branding options available, you can keep it classy and subtle with a debossing or make it pop with a full-colour digital print.

To illustrate the difference between the processes, we've provided a brief note on each, along with an image showing the result.

SCREEN PRINTING

DEBOSSING

DEBOSS & DOME COMBINATION

DIGITAL PRINTING

FOIL HOT STAMPING

BELLY BANDS

SCREEN PRINTING

provides excellent coverage and is especially good for large logos, but in the case of our notebooks, is limited to two colours.

DOMED & DEBOSS COMBINATION BRANDING

pairs the eye-popping colour of a raised dome with the subtlety of debossing. Full-coverage debossing provides the opportunity for large and versatile branding, while the full-colour dome fits into a recessed portion of your debossed artwork to create a focal point for a key part of your message.

DEBOSSING

is a subtle and classy branding method whereby a die in the shape of a logo is pressed into the surface of the notebook using both heat and pressure, creating a permanent stamped impression with a unique 3D look.

DIGITAL PRINTING

is a high-impact branding method producing excellent clarity and photo-realistic results, and is ideal for intricate logos with multiple colours, shading, gradients and small text.

FOIL HOT STAMPING

creates an upmarket, elegant impression. Hot stamping with foil is a similar process to debossing except that a thin foil is pressed into the product to create a colour and the resulting impression is not as deep. Foils are available in copper, gold, light blue, pink & silver, silver, white, black, blue, rose gold, green, orange and red (pantone matches are not possible).

Where multiple branding options are available, price includes your choice of one option in one position. Where multiple components are indicated, each component includes branding of one type in one position.

BELLY BANDS

provide a unique way to enhance your brand's visibility in a high-impact manner.

Including a full-colour, digitally printed Belly Band on your notebook is a superb way to convey an additional marketing message or add a finishing touch.

Use your belly band as a voucher to a offer a freebie or discount.

Transform your belly band into an invitation, with admission granted upon presentation.

Or as an entry form to win a prize?

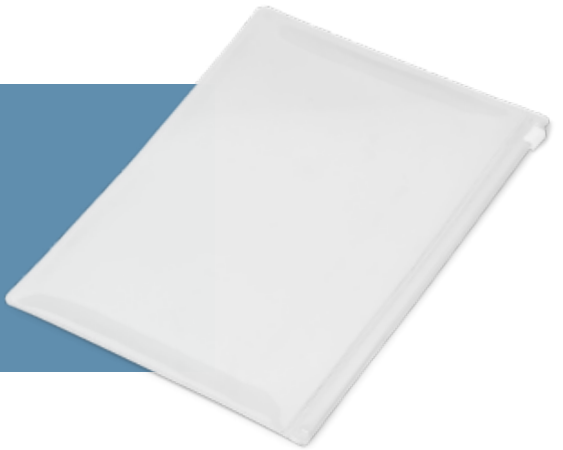

Be creative!

What will you do with your belly band today?

I am the colours of the vibrant fabric that weave our tribes together.
I am the music that makes us want to dance, the drum that gives us rhythm.
I am the sports fan who stands by you, proudly singing our National Anthem.
I am the click in every language, the nickname and the humour that slides off our tongues.
I am the aroma from red hot coals, burning meat and the sweet taste of fruit.
I am the wines from our vineyards and the fresh flowing water from our streams.
I am the mirage in the blazing sun, the electric storm and the crisp winter morning.
I am the rolling sea and the giant mountain range that shields us from the winds.
I am a free bird, soaring in the thermal, gazing upon the wild savanna.
I am the rich soil, the floral landscape and the raw gold beneath our earth.
I am our heritage, our history that helps us see who we've become.
I am the imperfections in our society that helps us realise we can do better.
I am the handshake, the kiss, the hug that embraces our diversity.

I am South African.

I am inspired by Africa's raw beauty and its diverse mix of vibrant cultures.
In this series of artworks, I have sought to capture simple, pure moments in time.
More than just a visual, each painting tells its own story of everyday life on our beautiful continent.
